

Toys and Personal Possessions 2021/2022

Childcare Practise

Policy Statement

At Ladybirds Nursery we understand that children may need to bring toys or personal possessions into nursery as a comforter on occasions, especially when they are settling in at the beginning. We try to teach the children to share their nursery toys with each other, this gets difficult when the toy the child has belongs to them, therefore we ask parents to avoid bringing in toys from home.

During the Covid pandemic we suspended any item from home, this has proved to be a valuable experience, and we feel that if children do not bring things from home they are much more settled than having to fight other children for their own possessions.

We can accept any bags that parents may wish to send home with a second parent, or an alternative person collecting your child. We ask that they are placed in a bag for the staff to put on your child's peg ready for collection by whom ever is collecting your child.

Ladybirds nursery does not accept any responsibility for any possessions that may get broken or go missing.
